Photo by Marco Chiesa

The Summer Development camp will again be at camps AK-O-MAK, for the girls and across the lake campsite, CHIKOPI for the boys.

The philosophy for our camp is to supplement competitive swimming experience, with other aquatic related activities in a wilderness camp setting.

We feel that an atmosphere away from the chlorinated pools and gymnasium will ease the transitory period between the end of the summer break and the resumption of the indoor short course competitive season. We also feel it helpful for the swimmers to have some time to do other sports and activities while maintaining their swimming skills.

Our activities both in and out of the water have been selected toward the development of the competitive swimmer. The daily schedule will include over three hours of intensive swim instruction, lectures, dry-land conditioning, stroke drills and in the water conditioning.

Our camp has always had the best coaching staff available in North America. We hope to keep this excellent tradition going.

The camp is open to swimmers between the ages of 9 and 15. Since the acceptance is on a first come first served basis, *mail in your application today and avoid disappointment*

BIONDI AND MORALES SET RECORDS, GOSS IMPRESSIVE WITH SILVER IN 200 BACK

AUSTIN, Texas — Canadian backstrokers Sean Murphy and Sandy Goss were favoured to sweep top spots in the 200.

Murphy, in his third year at Stanford, had won this event for the past two years.

Doug Gjertson of Texas won with 1:45.12. Goss finished a strong second with 1:45.70 and Murphy ended up fourth with 1:46.64

The day before Murphy finished eighth in the 100 back with 49.81 (49.64 in the heats), while Sandy Goss settled for a third in the consols with 50.26 (49.66 in the heats). It was a tough day for Goss as he also swam in the 200 free, but missed the finals, and swam on his team's winning 4x200 free relay.

The Canadian connection was a small ripple compared to the excitement generated by American stars Biondi and Morales.

Sprinter Matt Biondi in his final year of NCAA competition went out with two American record swims in his specialties, the 50 and 100 yards freestyle. Biondi lowered his own mark in the 50 first in the heats (19.16) and then again in the final with 19.15. His former mark was 19.22, set in 1985. In the 100, Biondi won easily with more than a full body lead over the field with 41.80, bettering his two-year old mark of 41.87.

Stanford won the meet for the third year in a row and was helped considerably with senior Pablo Morales three wins, giving him a career total 11 individual golds over the past four years. This is the greatest individual total in the 50 year history of the meet. The previous holder of the most titles was John Naber with 10.

Morales set a new American record in the 200 fly 1:42.60 lowering his own mark of 1:42.85 set in 1985. He added golds in the 100 fly and 200 i.m.

320 swimmers took part in the meet which still has to be considered one of the best in the world.

The number of foreigners is declining but most finals had at least two while the backstrokes had four.

Typical of American short course (25 yard) swimming, the NCAA swimming rules are different than the ones used by US Swimming. For instance, the breaststroke rule in use allowed two and a half strokes underwater after the start and the turns; backstrokers when starting, are allowed to stand on the edge of the timing pad or even place one foot on the deck or part of the starting platform.

Qualifying times have become so tough that in-season shaved swims are the only way to get into the meet. Once qualified, a swimmer is allowed extra swims in non-qualified events. (A practice just recently abandoned in Canada).

Everything is geared to fast swimming. Heats start at 12 noon as earlier starts are deemed detrimental to performance. This is being changed to 11 a.m. for next year. Double lane lines were used to cut down on the turbulence. The pool had completely flow-through ends to minimize the backwash of the waves created when the eight finalists turn. ■

Sean Murphy

Sandy Goss second in 200 back

INTERVIEW: PETER DALAND

Peter Daland, has been head swimming coach at the University of Southern California for over 30 years. During that period his teams have won nine NCAA men's championships during the 60's and 70's. At this year's meet USC finished second. He has coached some of the great Canadian swimmers including Sandy Gilchrist and Stephen Pickell. Currently London Y's Chris Chalmers is enrolled at USC.

Will the meet ever change from 25 yards?

Americans want this meet to stay short course. There is enough difference between short course yards and long course metres that it's like a different sport. We think of it as a refreshing change.

We also have a very long tradition of swimming in yards. FINA doesn't recognize short course so there's little incentive to change.

This is a speed meet. The value of short course is that it develops speed and sharpens up your starting and turning techniques. You'd lose that sharpness training long course all the time.

Why do you have different stroke rules than US Swimming?

If you don't have people trying new things than you just have the same old 19th century rules.

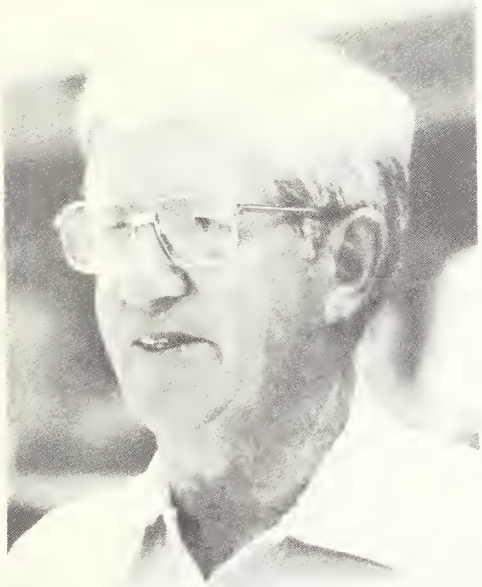
We feel, "Why should the backstroker be restricted in his start?' Our breaststrokers have been allowed two pull-outs after the starts and turns. The second pull only reaches the top of the suit, but it helped Louisiana State win the 100.

What are some of the costs of running a swim program?

Tuition costs vary from $4,000 up to $16,000 at a private school such as Stanford. The NCAA allows only 11 men's swimming scholarships.

Our program at USC cost us about $300,000 last year. That includes scholarships and coaches salaries. The combined men's and women's program would be over $500,000. At USC over 50 student athletes take part in the men's program. Pool costs are a separate expense, we pay a rental fee to recreation.

Some school have dropped swimming recently, can you elaborate?



Peter Daland

Four swimming programs were dropped last year, most notably Oklahoma, Oregon and Pepperdine. Washington State built a brand new aquatic complex — two years later the men's program has been dropped. It is used for the women's team and recreation. It is a symptom of the financial struggle at these institutions. Generally sports are financed out of revenues from football, basketball and television. With the addition of mandatory women's programs, that can cost over $2 million per institution. The pressure to drop sports is increasing. Swimming is considered a 'non-revenue sport.'

Scholarships have to be evenly distributed between men and women. With a football team taking up 90 scholarships you can see the immediate problem. The USC women's team has 14 scholarships to the men's team only having 11.

If the scholarship system dries up, people will have to pay their own way.

Foreign swimmers remain a contentious issue.

I feel that culturally it's very important to have an open door policy. Our kids get exposed to other cultures. It benefits us athletically because the foreigner helps more Americans than we help them. A whole team or league can benefit from the one foreigner.

I like to have at least three or four foreigners on my teams. I don't have a quota. It's true that there is a lot of criticism of teams that survive by recruiting foreigners. Americans hear about bad programs and avoid them.

On our team of 50 we have three foreigners or 6%. At this meet, of the 13 swimmers here, all three foreigners made it so it's 22%. That's because the foreigners are established stars while the Americans might be walk-ons.

What about the timing of the proposed Avis Team Meet?

The timing is terrible. We'll be training for the long course season by April 25, it interferes with our preparation. But if you advance to the final round its worth $3,000 for the team. So that still makes it worthwhile.

However it will be excellent for promotion, fund-raising and recruiting.

Why has American influence declined internationally?

I think it's directly related to our not going to the Moscow Olympics. Since then all our ideas have been shot down.

We're hoping to get a coach represented at FINA. In international swimming you don't have a knowledgeable group. This meet is run by coaches who spend their lives doing this and they know what is required.

FINA is run by doctors, businessmen and people from backward countries who are uninformed. Most of them don't get to more than one or two low level meets a year. But getting representation won't be easy. FINA is not about to abdicate its priviledges.

Why has swimming improvement almost stopped?

Progress virtually stopped after 1976. Improvement was at a fixed rate for the previous four Olympiads. We've improved a bit in short course.

The confused information we've been getting from the physiologist hasn't helped either. We've had good success with our distance program this year. But generally, we approach their recommendations with a grain of salt.

You have to do considerable base swimming, we call it garbage swimming. Of course you can easily overtrain if you go overboard on this.

I don't think Europeans do as much work as we Americans do. I don't know this for a fact, I just think it. ■

POOLSIDE

TALBOT'S PLANS FOR THE FUTURE

Don Talbot Marco Chiesa

An interview with National Coach Don Talbot on some topics of interest.

There has been a re-definition of what is the National Team and Swimming Canada's approach to carding, can you elaborate?

The men's team is looking good for 1988. There are kids able to race through every distance. I can't feel optimistic about the women, although there are some bright spots.

I know everybody is concerned about this situation. Following the 1976 Olympics, the exact opposite situation was prevalent. It was the men's team that was lagging.

One solution is to develop a greater 'team' orientation.

At present the club system offers a viable women's program. The Canadian Universities are not there yet and those in the U.S. are no longer with it.

One approach that I'm taking is to categorize the athletes that are carded (receiving financial support). At the Olympics we can enter only a maximum of two per event. Regardless of the number of world class swimmers in any one event *only two can compete at the Olympics.*

The 'national team' designation is an attempt to identify potential Olympic team members.

Hopefully, this will act as a motivator and encourage people to develop a second event. This is particularly important in the women's team where there are big gaps.

The 24 swimmers picked have reached the 920 point level on the Selection Chart (1000 = points equals average of all-time best eight performances). I don't think this is a particularly stiff standard as some can reach this level and not be among the top 16 in the world.

I think we have to reward the best for their level of excellence.

But in any case the carding levels as we know it are not changed. What will be different is the amount of extra funds that can be accessed from the enrichment funds. Those on the national team will have greater opportunity for international competitions and have better clothing and equipment.

I'd like to create a bit of a pressure cooker situation by having two entry points to be named to the national team — following the winter and summer nationals. It should act as a motivator to keep everyone honest as they can be pushed off.

We are also working in changing the definition of the Youth Team. Eventually we'd like to identify approximately 1,000 swimmers giving them some sort of

attention, with testing and some financial help.

The initial proposal is to re-designate this group as Olympic Development 88 and 92. They will have about 70 athletes each and be also based on age and point levels. We are identifying the respective groups at this time and their coaches. Hopefully we can finds ways to encourage this kids and keep them swimming. We're loosing too many through the cracks in the system.

Any comments on the club system?

The whole program of carding athletes and funding the top clubs bother me as presently set-up. It seems that in both instances there is a focus on getting funded and then just maintaining the required level year after year.

We should reward those that are able to progress, be it an individual or a club.

An improvement in club depth should be our main goal and the reward system should reflect that.

But there are no easy solutions.

You recently attended the women's NCAA, can you comment on the Canadian girls?

All the Canadian girls seems to have had a rough time this year.

Cindy Ounpuu won both breaststrokes last year. This year she finished eighth in the 100 and 10th in the 200.

Olympic gold medal winner, Anne Ottenbrite swam badly. She din't look too bad earlier in the season and had made her cut-offs by November. But at this meet she seemed out of shape. She placed 25th out of a filed of 30 in the 100 and 28th out of 36 in the 200. She was the fourth among the Canadians in that event.

I can honestly say that any girl who is still serious about their swimming shouldn't even consider going to the U.S. It's just not the place for them. For some reason, the Americans can't seem to look after the Canadian women, like they have been able to for the men.

We definitely can give them better coaching, better attention and better support in Canada.

But then maybe they're not really going to down to improve their swimming. They might not want to admit that. The scholarship is a big lure. They can't lose it for poor athletic performance and they do get a get free ride academically for four years.

I've also observed that the first year away from home seems to be the best. They're still excited about their swimming and want to prove something. But by the time they leave they fizzle out completely. Ironically, American kids behave in exactly the opposite way — they get better with each year.

Other countries, notably Australia, Sweden and Great Britain have suffered the same way and are stopping their swimmers from going to the U.S.

It seems that Canadian women go down for motives that have little to do with swimming and I don't think there is much we can do about those factors.

It does reconfirm that we should definitely not fund anyone in the U.S. ■

CLUB GRANTS

OTTAWA — Swimming Canada announced the list of recipient clubs for its 1986 National Club Grant.

This program, in effect since the early 1970's, is made possible by the generous sponsorship of the Canadian Olympic Association, Imperial Oil and Swimming Canada.

The overall budget is $150,000. However, this figure has not increased for the past decade, with inflation, the impact of this program has decreased.

Clubs have to meet a number of basic criteria before they become eligible for consideration. The most important being having at least one swimmer among the top 50 in the world (long course). Extra points are earned if five or more club swimmers are in this category.

Additional points are awarded for club depth, both at the senior and age group level, but the most weight is given to performances at the international level, with gold medals at Commonwealth or World Championships scoring the most. Thus, the difference among the top two clubs was their medal total from the two major international events in 1986.

CLUB GRANT RECIPIENTS

RANK	*CLUB*	*AMOUNT*
1	Etobicoke SC	33,895.00
2	Univ.of Calgary SC	27,474.00

FOUR WORLD BESTS IN AVIS TEAM MEET

LOS ANGELES, California — Four world best performances were the the end result when some of the best American college swimmers took part in a new post-season competition.

The Avis Swimming Championships held April 25-26 at the Olympic Pool in Los Angeles gave some of the fastest swimmers in the world an opportunity to go after short course metre world best times.

Four of the best men's and women's college teams took part. Each team was limited to 12 swimmers and two divers. The competition was held in three sessions, two on Saturday with the final showdown on Sunday.

World bests were posted by sprinter Matt Biondi, California with a 21.84 in the 50 free; Pablo Morales, Stanford, in the 200 i.m. with 1:58.18; Stanford's 4x100 medley relay, with 3:37.96 and backstroker Betsy Mitchell, Univ.of Texas, in the 100 back with 59.89.

Stanford emerged as the top men's team, as they defeated Texas in the final. Texas took the women's honours defeating Stanford.

On Saturday, Stanford's men defeated Southern California while Texas beat California to set-up the final on Sunday. In women's competition, Texas beat USC, and Stanford defeated UCLA.

For most of the participants this meet was about three to five weeks after their championships, and many were back in heavy training for the long course season.

Top three performances (25 metre pool)

Women 50 free—25.31 J. Johnson, 25.42 A.Drolsom, 25.83 C. Marsden **100 free**—54.92 J. Johnson, 55.35 A. Drolsom, 55.90 B. Mitchell **200 free**—1:59.45 L. Gillespie, 2:00.10 J. Johnson, 2:00.85 S. On dry land Walter and Donna Wu look like normal kids. But put them in the water and they turn into a couple of dolphins. British Columbia's Walter and Donna have made quite a splash in swimming circles thanks, in a small part, to the Esso Swim Canada Program. At Imperial Oil, we're proud to help fund swimming programs nationwide for people of all ages. In real human terms, that makes life a little better for us all.

You make us better.

COACH WANTED

The Belleville "Y" Swim Team is accepting applications for the part-time position of head coach. We are presently an active Quad A 40-50 member team, swimming out of the Belleville Family YMCA.

The successful candidate will have a minimum Level 1, NCCP and be experienced in administration and leadership of a full range swim program from 10 and under through near junior national level.

Enthusiasm, skills in motivation, interpersonal communication and a genuine interest in the growth and development of young people are essential qualifications for this position.

Salary will be commensurate with skills and experience. Please respond in confidence with résumé, references and salary expectations to:

Belleville "Y" Swim Team,
(Find a Coach Committee),
P.O. Box 525,
Belleville, Ontario,
K8N 5B2

FULL & PART-TIME COACHING POSITIONS

Large and growing national level team in Ontario is seeking applicants for full and part-time positions starting in September.

Applications for full time positions should have a minimum of 3 years experience as an assistant or head coach, those seeking part-time work should have at least 2 years experience. The club would be particularly interested in those having experience with lactate testing and other sports medicine areas. Also, occasional teaching is possible for those with an Ontario Teaching Certificate or with the credentials to apply for that Certificate

Salary and Benefit package are negotiable.

Interested coaches please send résumé, letter of application and references to:

Wahroonga 2076
Australia
phone: (02) 487-3695

HEAD COACH LETHBRIDGE AMATEUR SWIM CLUB

We are seeking an experienced person to coach our swim club this coming fall. The Lethbridge Amateur Swim Club currently has 87 swimmers and utilize both a 25 metre and 50 metre pool. The 50 metre pool, located at the University of Lethbridge, is equipped with Omega Electronic timing, movable bulkheads and a variable depth floor.

Lethbridge has a population of 60,000 with a drawing area of approximately 145,000 people and is situated 130 miles south of Calgary.

This is challenging opportunity combines your professional coaching experience with effective interpersonal and people management skills. You will be responsible for providing expertise and guidance to other paid and volunteer coaches as well as instruction to swimmers of all levels. If you have a Physical Ed. degree, a level III coaching certificate, a competitive background and 2 years experience under a national level coach,we would be pleased to receive your personal résumé along with you desired salary. Equivalent combinations of education and experience will be considered.

For further information contact:

Mr Bruce Anderson,President
Lethbridge Amateur Swim Club,
P.O. Box 1364,Lethbridge,
Alberta ,T1J 4K1
or phone (403)327-1056

AMERICANS EASILY BEAT CANADIAN 18 & UNDERS CLEVELAND AND WOOLHOUSE EVENT WINNERS

MONTREAL — A very strong American team easily defeated a Canadian selection 253 to 124 in early April.

Canada had some difficulty in fielding its best team of 18 and unders, which was to be the category for this meet. Not only were some of the best kids back in heavy training, but others were in Hawaii as part of an earlier scheduled national team training camp.

Several Canadian swimmers were ready to swim and won their events against a highly charged American team.

The US contingent had just finished their winter nationals at Mission Bay in Florida in a 25 yard pool, and were fully tapered and shaved down for this first long course meet of their season.

The US team had several medal winners from their nationals including 14-year old sprint hope Grace Cornelius of Philadelphia. She was a silver medalist at the Florida Championships in the 100 free and 100 fly. In Montreal she won three events, the 50-100 free and the 100 fly with world class times.

The other top rated American was 18-year old flyer Mel Stewart, the winner of the 200 fly championships at Mission Bay. Stewart won his specialties with 56.12 for the 100 and a solid 2:00.86 in the 200.

Canada had two winners. Calgary's Mike Woolhouse took the 200 back with a classy 2:07.99 while teamate Jon Cleveland took the 200 breaststroke in 2:20.97.

USA vs CANADA 18 & UNDERS

Montreal, April 4-5 (50M)

HEAD COACH WANTED

The Newfoundland Aquarena is accepting applications for the full-time position of head coach—swimming.

The NAAC Swim Club is a well established club with tremendous growth potential. The present membership stands at approximately 100 age group and senior swimmers.

The head coach shall possess a coaches level II certificate and shall have proven success as an age group coach including swimmers at youth championship level.

The individual shall be capable of developing quality and depth in the swim club and shall strive towards achieving excellence in swimming.

The successful candidate shall share the club's objective of becoming the top ranked club in Canada.

The NCAA swim club operates out of the Aquarena at St. John's. This modern facility was built for the 1977 Canada Summer Games and boasts a 65 metre pool, Nautilus facility, squash courts, an outdoor track, etc.

Starting date, September 1, 1987
Salary negotiable.

Forward résumé to:

Mr. Ken Clark,
Manager,
The Aquarena,
17 Westerland Rd.,
St. John's, Nfld.
A1B 3R7

HEAD COACH

Toronto Aquanaut Swim Club requires a head coach, Sept. 1, 1987, to coach a growing senior program with provincial, youth and national level swimmers. Responsibilities also include overseeing an age group and junior program.

TASK is a growing AA club, presently with 60 members in downtown Toronto.

Send résumé, including salary expectations to:

TASK
c/o Klaus Schmidt,
3 Woodfield Rd.,
Toronto, Ontario
M4L 2W1

RECORD SETTERS

BAUMANN'S 200 I.M. RECORD BETTERED

Record bettered during January-April 1987

WORLD BEST
(25 METRE POOL)

❑ **Men's 50 freestyle:** 21.84 Matt Biondi, USA, Los Angeles, Apr.25. Betters old mark of 21.89 by Dano Halsall, SUI, in 1986.

❑ **Men's 200 individual medley:** 1:58.18 Pablo Morales, USA, Los Angeles, Apr.26. Betters old mark of 1:58.22 by Alex Baumann, CAN, 1987.

CANADA'S FIRST SWIM CAMPS

CAMP AK-O-MAK CAMP CHIKOPI

Learn social skills with boys and girls from 12 countries while enjoying your Canadian heritage. Do your summer swimming outdoors.

Summer swimming should be outdoors with a tan.

Swim in the crystal water of Ahmic Lake (north of Parry Sound).

Swim open water and in our five regulation bulkhead pools.

Do you want a first class swim program designed by Olympic coaches for age group swimmers?

Or

Do you want a real wilderness experience with cabin life and canoe trips?

Only these camps have both.

AK-O-MAK / CHIKOPI

- Chosen as CASA development camp for the last 16 straight years
- Chosen as the U.S. Long Distance Training Camp for the 1986 World Championships in Europe
- The camp kayak-canoe team is a 25 yr. member of CCA (Canadian Canoe Assoc.) and winner of 3 Canadian Nat'l Championships
- The camp swim team won the U.S. long distance title an unprecedented 6 times 1981-1986
- Chikopi Director Bob Duenkel chosen offical 1987 U.S. national coach for long distance swimming
- 1988 U.S. Olympic head swim coach Richard Quick was a camper. He is one of 12 Olympic coaches, 40 Olympic swimmers and 300 All-Americans who have gone to these famous camps
- 16 Olympic and national swim coaches including Howard Firby and Doc Counsilman have taught at and sent their own children to Chikopi and Ak-O-Mak
- Swimmers from every Olympic games since 1920 started at these camps

All this plus: One-on-one coaching, 100% speed training, fartlek workouts, videotaping, stroke drills, movement education, weight training and open water rhythm and cadence. Plus skills taught in 25 other sports. When you're not swimming, we have our own golf course, tennis courts, sailing fleet, racing kayaks and more...

You don't have to be great but you must have desire. You'll come home strong, faster, refreshed and feeling very good about yourself. All this in one seven-week season (June 25th to August 13th). Cost, $1,695.00. Write for brochure and specify Ak-O-Mak (girls), Chikopi (boys).

THE SPEEDO PAPERSUIT...

First time out, a new world best.

Bonn, West Germany (February 7, 1987)

Victor Davis, world champion, puts on Speedo's new PaperSuit and lowers his own world best 200M breaststroke record by almost a full second to a blistering 2:08.82.

The Speedo PaperSuit. A special Lycra* weave that's about as thin as the paper you're holding, without sacrificing durability.

This is an elite suit. One that world class swimmers bring to the blocks when everything is on the line.
